## Eisenhower Gives Congress Safety Thru Strength Plan

By MARVIN L. ARROWSMITH

WASHINGTON (P)—President Eisenhower today gave Congress an eight-point "safety through strength" program for dealing with the Russian space age threat. It included defense reorganization to unify control and end inter-service rivalries.

In an eagerly awaited State of the Union message, Eisenhower said America's military strength at present is great and is a powerful deterrent to war.

But he said the dangers the United States faces are real. He said that unless we act wisely and promptly "we could lose that capacity to defend ourselves" and deter any Soviet attack.

## Warns Of Economic Offensive

The President, in an address carried nationwide on television and radio, said too that the country could make no more tragic mistake "than to concentrate merely on military strength." That, he said, could lead us to an age of terror.

Of even greater danger than the military threat posed by Russia's space era advances, Eisenhower said, is a massive economic offensive already launched by the States and the rest of the free world.

The Senate and House assembled in joint session in the House chamber to hear the President deliver his message personally.

## Almost Wartime Solemnity

There was almost a wartime solemnity in the general mood of Congress — shaken by the national concern over Russia's space and rocket feats.

And, in the same note of the critical world situation, Eisenhower made his eighth point a direct appeal to the people of the Soviet Union — over the heads of their Kremlin leaders — to join in a drive for enduring world peace and take part in a first step toward disarmament.

The seven other points of his program will require legislative action by Congress:

## The Points:

1. Defense Reorganization — Eisenhower, obviously with mounting interservice rivalries in mind, said the nation's first need is to assure that military organization speeds, rather than hinders, the functioning of the military establishment.

## Specific Proposals Later

Eisenhower said he will have specific proposals later in a special defense message.

"Let us proudly remember," he said, "that the members of the armed forces give their basic allegiance solely to the United States. Of that fact all of us are certain. But pride of service and mistaken zeal in promoting particular doctrine has more than once occasioned the kind of difficulty of which I have just spoken."

Eisenhower did not point a finger at any individual or service.

"I am not attempting today to pass judgment on the charge of harmful service rivalries. But one thing is sure. Whatever they are, America wants them stopped," he said.

## Calls For Speedup

2. Accelerated Defense Effort—Eisenhower called for a speedup all along the line, including protection and further dispersal of U.S. striking forces and more adequate warning facilities in the case of attack.

He said freedom of the seas must be maintained, and said that means nuclear submarines and cruisers, as well as antisubmarine weapons, missile ships, and similar facilities.

"We must maintain all necessary types of mobile forces to deal with local conflicts, should there be need," he said. "This means further improvements in equipment."

## ANNOUNCE PLAN FOR CHERRY PIE BAKING CONTEST

Plans for the annual Cherry Pie baking contest were announced today by Miss Margaret Brant, home economics advisor for Adams-Cumberland-Perry counties.

The annual Adams County contest will be held January 27 at Gettysburg and the Cumberland County contest January 29 at Bolling Springs. Other counties will hold similar contests later to select the entries in the state contest to be held February 8 at Erie. The national cherry pie baking queen will be selected February 20 at Chicago.

Local school contests are being held this month, Miss Brant said.

The contest will be open to boys and girls in homemaking courses who have passed their 14th but not their 21st birthdays January 1. All previous state winners are ineligible and contestants must be unmarried.

Each contestant will furnish all supplies and baking equipment. Commercial mixes and home-prepared products are not accepted. Water packed tart cherries will be furnished by the Pennsylvania Red Cherry Growers Association. Pies must be lattice-topped, with no glazes and baked in a glass or aluminum nine-inch pie pan of four or five cup capacity.

Each contestant will submit three typewritten copies of her cherry pie recipe on 5 by 8 inch white index cards. Each contestant will be dressed appropriately and girls wear a hair net. No mixing or measuring is permitted prior to the start of the contests.

## GLENN GUISE

(Continued from Page 1)

Wolf, New Oxford.

In concluding his address, Harlow made a plea for restoration of discipline in high schools and colleges many of which he pointed out tend more "to resemble country clubs than places of learning."

He urged support of school administrators in their efforts to secure qualified teachers and maintain proper standards of teaching that uphold American social, economic and historical principles and realities.

## Scores Detractors

He emphasized the citizens' responsibility to uphold honest police and to strive for honesty above partisanship in politics.

Referring to those who are consistent detractors of the American system and of the nation's leaders, Harlow said "it was a great mistake to outlaw dueling for that was the best and surest way to silence the vicious tongue of the coward."

He asked his audience to have the courage to "observe safety on the highways and practice conservation of our natural resources."

In his acceptance speech, President Guise paid tribute to his predecessors in that office and lauded the administration of Smith.

He announced that spring ladies' night will be held May 6; the annual Shrine family picnic on July 10, the fall ladies' night on October 2 and indicated other special events are planned.

He said that much of the nation's food supply is handled by "handful of buyers" and that the cost of cans and jars used to contain foods equals the amount paid to the producer for the food that goes into them.

President Francis Walker of the Young Farmers announced that on Tuesday, January 21, at 7:30 p.m. at the Gettysburg High School farm shop a representative of the Forney Company will present a welding demonstration. On February 11 the Young Farmers will go on a tour of the New Holland assembly plant.

ment, mobility, tactics and fire power.

## Vigilance, Power, Technique

"Through increases in pay and incentive, we must maintain in the armed forces the skilled manpower modern military forces require."

"We must be forward-looking in our research and development to anticipate and achieve the unimagined weapons of the future."

"With these and other improvements, we intend to assure that our vigilance, power, and technical excellence keep abreast of any realistic threat we face."

## Offers Dividends

3. Continuation and Strengthening of the Mutual Security Program of Foreign Aid — Eisenhower said that if the foundations of the free world structure were progressively allowed to crumble under the pressure of Communism, the entire house of freedom would be in danger of collapse.

"The real fact is that no investment we make in our own security and peace can pay us greater dividends than necessary amounts of economic aid to friendly nations," he said.

"This is no give-away."

"Let's stick to facts."

"We cannot afford to have one of our most essential security programs shot down with a slogan."

## Favors Trade Act

4. Foreign Trade — Eisenhower urged Congress to extend the Reciprocal Trade Act for five years. He said world trade "strengthens our friends and increases their desire to be friends."

"As President McKinley said, as long ago as 1901: 'Isolation is no longer possible or desirable. The period of exclusiveness is past.'

5. Scientific Cooperation with Allies — Eisenhower called for approval of legislation to permit the sharing of atomic secrets with friendly nations.

## As Free Men And Women

"We cannot afford to cut ourselves off from the brilliant talents and minds of scientists in friendly countries," he said.

"The tasks ahead will be hard enough without handicaps of our own making."

## 6. Education and Research —

He noted he had outlined previously a broad program calling for spending about \$1 billion dollars annually for four years to strengthen educational and research facilities.

"With this kind of all-inclusive campaign, I have no doubt that we can create the intellectual capital we need for the years ahead, invest it in the right places — and do all this, not as regimented pawns, but as free men and women!" he said.

## Budget Up 4 Million

7. Spending and Saving — The federal budget for the year starting July 1 will include about four billion dollars more than the budget for the year which began July 1, 1957, for defense purposes.

Eisenhower said the extra money will go for such things as missiles, nuclear ships, atomic energy, and research and development.

Eisenhower said as to budget

prospects: "While we now believe

that expected revenues and expen-

ditures will roughly balance, our

real purpose will be to achieve

adequate security, but always

with the utmost regard for effi-

ciency and careful management."

"Such related matters as the

national debt ceiling and tax rev-

enues will be dealt with in later

messages."

## 8. Works of Peace — "My last

call for action is not primarily

addressed to the Congress and

people of the United States. Rath-

er, it is a message from the people

of the United States to all the

other peoples, especially those of

the Soviet Union," he said.

This is the spirit of what we

would like to say: "In the last

analysis, there is only one solu-

tion to the grim problems that lie

ahead. The world must stop the

present plunge toward more and

more destructive weapons of war,

and turn the corner that will start

our steps firmly on the path to

ward lasting peace."

"Our greatest hope for success

lies in a universal fact: The people

of the world, as people, have

always wanted peace and want

now peace."

## Sacrifice And Understanding

"The problem, then, is to find

a way of translating this univer-

sal desire into action."

"This will require more than

words of peace. It requires works

of peace."

Winding up his address, the

President said the actions he had

outlined would call on the Ameri-

can people for both sacrifice and

a high degree of understanding."

## Propose Service To Parents

The board received a report from its Policy and Planning committee, headed by Mrs. Franklin R. Bigham, suggesting that the society offer services to the parents of crippled children in the county by forming an informal association which could meet at intervals with programs that would be of help or interest to the families of handicapped youngsters. It also would be used to promote interest in summer camping for crippled youngsters and for family units in the camps maintained by the state association.

The committee report was given by Dr. Bartholomew for Mrs. Bigham who was ill and unable to attend the meeting.

A request for a hearing aid for a blind and deaf young man was received and arrangements were

concerning the truck foreman was postponed until there is a report of the bylaws committee, due at the February 4 meeting.

There was a lengthy discussion on the purchase of a new fire truck and the company voted approval. A committee of firemen was appointed to meet with the trustees to determine what type of truck would best serve the needs of the company, which of the present trucks is to be replaced, and also to meet with the borough council to discuss the piece of apparatus to be selected. Joseph H. Myers was elected to membership in the company. Bills were ordered paid amounting to \$277.29 and receipts of the evening totaled \$221.15. The latter included two donations for services by the company, from William K. Thomas and Henry Reaver.

Bernard M. Selby reported for the trustees concerning the bids received for alternator systems to be installed on the company apparatus. It was voted to purchase two 100 ampere alternator systems from Stambaugh Electric Service, Hanover, to be installed on the Mack and LaFrance trucks and an ammeter for installation on the service truck.

Fire Chief Ohler reported for the committee investigating the purchase of walkie-talkies and the company approved the cost of two at a cost of \$200 each, with the same amount to be provided by federal funds, to complete the payment of two walkie-talkies. These will become a part of the service truck equipment. Ohler also presented his monthly report, telling that six calls were made with a total damage of \$75.

May Revise Bylaws

Truck Foreman Wallick spoke, noting that he is presently employed outside of the borough and the company bylaws state that the truck foreman must be a resident or an employee in the borough, at all times. A committee is presently working on revision of the bylaws, so action

made to gather more information on the case. Shoes to cost \$13 were approved for a club - footed boy and special shoes to cost \$13 to \$15 were approved for another crippled youngster. Transportation for a crippled child to the Elizabethtown hospital Thursday was ordered paid.

## Plan Monthly Clinics

State nurses told the board that state diagnostic clinics will be held the third Monday of each month at the Chambersburg hospital, instead of twice a year. Children will be seen there as often as necessary.

The board received notice from the state society of an increase in rates at the summer camps, effective this year.

A proposal to amend the constitution to provide for succession of the vice president to the presidency was rejected and an amendment providing that such a succession plan be placed in force after the end of the current fiscal year was voted for action at the next board meeting.

Thirteen directors attended the meeting.

supported us in such fashion that we have been able to purchase a new truck and pay for it without borrowing money and with enough remaining on hand that we can continue operation, barring emergency, without having to worry about cash until the company receives funds from the 95th Battle Anniversary program. The battle anniversary programs, with the festival and solicitation at that time, plus other smaller benefits operated during the year, have been generously supported by the public."

The firemen ended the year with a cash balance of \$34,544 after expenditures of \$24,714.74 including approximately \$20,000 for the new Mack fire truck. The income during the year of \$28,255.28 included \$13,101.26 accumulated over the several prior years in the apparatus fund which was transferred to the general fund when the check was sent for the new fire truck.

## Relief Fund Grows

An additional \$500 was put into the general fund Wednesday night.

The amount was a bond which had been purchased a number of years ago from the Kiddies' Christmas party fund. With the decline of interest in the Christmas party, the money had been placed in a bond. Decision to place the bond in the general fund was made to cut down the number of special funds required, with the firemen planning to resume the party if a need for it should occur in the future.

The report showed steady growth of the firemen's relief fund which can be used only to care for firemen injured in line of duty, for death benefits, flu shots, or similar payments specifically authorized by the state.

The money for the relief fund is

received from the state's tax on "foreign" fire insurance. During the year, the report showed the fire department received \$4,985.55 from the state bringing the total in the fund to \$27,463.21. During the year payments totalling \$403 were authorized from the fund.

## Firemen For 32 Years

Benton Gilbert was introduced, with Wednesday night marking the 52nd anniversary of his election as a member of the fire department. Francis Smith, in introducing Mr. Gilbert, also announced plans for the annual Veteran Firemen's banquet to be held January 21 at the FFWF home.

Robert Hartman, 95th Battle Anniversary chairman, announced a meeting of his committee will be held next Wednesday at 7:30 p.m. at the engine house.

President Culp appointed Donald Myers, Ray Culp and Harold Dayhoff as a property committee to handle uniforms of firemen. Alvin Bupp was named to represent the company at the Southeastern Firemen's meeting next Thursday at York.

Named to the duty roster for February's meeting were Charles Kerrigan, John Edward Kerrigan, Richard Knox, Charles Kranias, Walter B. Lane and John Leedy.

## Today's Talk

### NEWSPAPER MAN

Most of my active life has been  
spent in association with news-  
paper men. They are an intelligent  
and alert group, and I might add  
that many women have joined the  
men in an able fashion. All over  
this world these reporters are con-  
stantly moving, day and night,  
contributing to the news that we  
read in our daily newspapers.

It isn't an easy life, but a thrill-  
ing one in which thousands have  
dedicated themselves. Great num-  
bers have given their lives that we  
all might be informed. They never  
count the sacrifices and  
hardships that they undergo. They  
are proud of their profession and  
like to be known simply as news-  
paper men and women.

Heroic acts among newspaper  
men are routine. The beloved  
Ernie Pyle is an outstanding  
example — an inspiration to end-  
less others. He was the friend of  
all with whom he worked, no  
matter where stationed. He wanted  
to be with those who stood ready  
to give all that they had. He loved  
to remain the simple worker  
among others beside him. He and  
his buddies will never be forgotten.

Their deeds have enlivened freedom.  
Each may well be noted as  
reports to the home.

Both in war and peace reporters  
and workers on newspapers can  
well be said to be among those  
who have enriched all mankind.

What an unpaid debt we owe to  
all these workers whose efforts  
have been so outstanding, and  
whose services grow in importance  
with the years! What an achievement  
just to be honorably known  
as a newspaper man!

Tomorrow Mr. Adams will talk  
on the subject: "Those Stars"  
Protected, 1958, by The George  
Matthew Adams Service

### HALF-SERVICE

Try to succeed with all your might.  
Give no half-service to your  
task.

Cling bravely to what you think  
right.

At twilight, then, in peace you'll  
bask.

The bitterness of failure lies  
Not in itself, but in the thought,  
As some one else achieves the prize,  
That you could have much  
better fought.

To lose when you have done your  
best.

To one with greater strength  
or skill.

Will never leave you so distressed  
As to have tried with half a will.

Try to succeed with all your might.  
To every task full service give.

Cling to the things you know are  
right.

And in contentment you shall  
live.

## SAYS \$50,000 NOT ENOUGH TO STUDY OLD LAW

HARRISBURG (P) — The University of Pennsylvania Law School dean has complained that the 1957 Legislature was stingy when it allocated only \$50,000 to find out what—if anything—is wrong with the state constitution.

Dr. Jefferson B. Fordham, dean of the Philadelphia School of Law and a member of the 15-member commission appointed to study the state's 84-year-old basic law said the group "probably will run into some hard times."

"We've got to have more money if we are to do this job right," Fordham said after attending Tuesday's initial session of the commission at which State Superior Court Judge Robert E. Woodside was named chairman.

"We will be hard pressed for finances if we don't get more money to operate this study," he said.

The law school dean based his prediction of a fund shortage on his "intimate knowledge" of the workings of similar commission which now is looking into the New York State Constitution.

He told the commission that New York State had allocated \$75,000 for its study and that "I believe a further allocation was made later."

During the initial session considerable discussion centered around the need for an executive secretary to guide and coordinate the actions of the commission.

The money allocated the study group will be used to pay expenses of members, a per diem pay for their meeting attendances, stenographic and other professional services and salaries of professional personnel.

**Report In 1959**

The commission is charged with the responsibility of studying the Department.

constitution and then reporting its recommendations for any changes to the 1959 General Assembly.

The General Assembly then would have to approve in both houses at two consecutive sessions any of the recommended changes before they could be put up for a public vote and possibly become enacted.

The commission authorized appointment of a five-member subcommittee to formulate plans for the study which probably will be started at its next meeting Jan. 29.

Meanwhile, Rep. Edwin Tompkins (R-Cameron) told a newsman that a complete revision of the constitution "would never be approved by the voters."

Over the years many appeals have been made for calling a constitutional convention to either change the law piecemeal or rewrite it entirely.

Although such proposals have been made, none ever was approved by the voters and since 1873 the constitution has remained basically the same except for 56 amendments approved by the public.

**Rescue 20 Patients  
When Home Burns**

PAWNEE, Okla. (P) — Twenty elderly patients, including eight invalids, were carried from an old folks' home on Tuesday as it went up in flames.

There were no injuries. The patients were transferred to two hospitals.

Firemen said the fire apparently was caused by faulty wiring. There was no estimate of damage.

## MONEY SOURCE MAIN PROBLEM OF COLLEGES

MIAMI BEACH, Fla. (P) — The Association of American Colleges got down to the brass tacks problem of higher education Wednesday with the emphasis on money — particularly on where it's coming from.

Main interest centered on the report to be brought in by a special task force of educators who have been wrestling with the question of federal aid to education.

Some educators, particularly in the group representing private schools, are against the massive program of federal aid because they believe it may lead to federal control of schools. Others, from both private and public schools, feel that federal aid is the only

education problems.

In a statement Tuesday, Rep. Albert W. Johnson, Republican leader of the State House of Representatives, also announced his acceptance of an invitation to participate in an educational conference here of leading state educators and citizens Jan. 28-29.

Death Under Truck**

SELINSGROVE, Pa. (AP)—A four-year-old boy was killed near here on Tuesday when he fell from the cab of a tow truck and was run over by the vehicle's rear wheels.

The victim was Dennis Aucker, son of Mr. and Mrs. James Aucker of Freeburg, Centre County. The accident occurred on a rural road in Centre County, about a mile from here.

State police Pfc. James D. McGeehan said the boy fell out of the truck, driven by Robert E. Troutman, 20, Port Treverton, as Troutman made a left turn.

In the home of Mrs. Clyde Mansberger, Gardners R. D., on Friday evening, the York Springs Church of God Missionary Society met for the new Year's service, with 10 of the 18 members present. After devotions with Mrs. Nellie Lerew in charge and Mrs. Jack Heebner reading the scripture, each member had a part in some New Year's suggestions. A business session followed with the president, Mrs. Gerald Blocker, presiding. Plans were made for ways in which more missionary work could be done by the society. Sales and offering amounting to \$22.78 were received. In the last month, five boxes of materials were sent to various places of which two were sent to Africa where Miss Lima Lehner, of York Springs R. D., is serving as a missionary. A love gift of \$8 was sent to Mr. and Mrs. William Green who are engaged in mission work in Idaho. The next meeting will be held on February 7 at the home of Mrs. Nellie Lerew.

Pfc. Edward Asato returned to the U.S. Army camp at Granite, Md., after spending the week at the home of Mr. and Mrs. Elmer Coulson.

**PONDER UNION  
PROTESTS OVER  
GOP COUNSEL**

WASHINGTON (AP)—Chairman McClellan (D-Ark) asked his Senate Rackets Committee colleagues Wednesday how they want to answer complaints against the Republican members' chief counsel John McGovern.

The closed door afternoon meeting could erupt into a political row, but most observers thought some sort of truce would result.

There have been complaints as a result of comments McGovern made after investigating the United Auto Workers.

**RUMORS OF PAYOFF**

The committee previously had received public testimony about rumors that payoffs were made to "fix" a case in Schofield's court, and claimed to have additional information received behind closed doors. Schofield has publicly ended wrongdoing.

A major issue before the senators will be a complaint by Walter Reuther, UAW president, that McGovern has been making improper and prejudicial attacks on the union.

Sen. McNamara (D-Mich), a committee member, has demanded that McClellan fire McGovern. In a letter to Reuther, the Michigan senator also has said he agreed with the UAW chief that "certain members" of the committee were out to "get" both Reuther and his union.

**Willing To Run For  
Lieutenant Governor**

MAHANOY CITY, Pa. (AP)—Atty. Thomas B. Noonan of nearby Park Crest, son-in-law of Thomas Kennedy, United Mine Workers vice president, said Wednesday he will be "glad to help the cause" if the Democratic party should want him to run for lieutenant governor.

Commenting on reports he would run for the post, Noonan said the rumors have arisen from purely individual sources and not from any policy-making body of the Democratic party.

Noonan, who is a member of the State Workmen's Compensation Board, said his primary concern right now is to "continue his work on the board." The post pays \$11,000 a year.

Kennedy, whose daughter is married to Noonan, served a term as lieutenant governor, under former Gov. George H. Earle.

Open Friday and Saturday Evenings

The new president, Mrs. Edgar A. Wolfe, conducted the business session and heard reports from the secretary, Mrs. Lloyd L. Stavely, and the retiring treasurer, Mrs. Dale W. Starry. Preliminary plans were discussed for the group to be in charge of the World Day of Prayer service in the community this year. This will be a union service, sponsored by the various women's societies of the community churches on Friday, February 21. The place for holding the service will be announced later. Mrs. Samuel E. Renner was appointed to be leader at the next regular meeting on Tuesday, February 4, at the church, when Mrs. Edwin L. Hargett will be hostesses. During the social hour on Tuesday, refreshments were served by Mrs. Badders.

St. Aloysius Catholic Church will sponsor its weekly public party on Saturday evening, starting at 8 p.m. in the parish hall. Prizes will be awarded and refreshments will be available.

## Plan Polio Drive

The Rev. G. Howard Koons, pastor of Christ United Church of Christ, has announced that the first meeting of the 1958 catechetical class will be held at the church on Saturday, 1:30 p.m.

The weekly Saturday night dance will be held by the Fraternal Order of Eagles, Littlestown Aerie No. 2226 from 9:30 to 12:30 o'clock in the social room of the POE Home. Music will be provided by The Playmates.

Mrs. Atlee F. Robert, 605 Prince St., will be chairman of the Littlestown drive for the benefit of the Infantile Paralysis Fund. Contributions are now being received by Mrs. Robert. Coin boxes will be distributed throughout the business places in the community.

A meeting of the Girl Scout Troop Committee members, leaders and assistants of the Brownies and Girl Scouts will be held on Monday at 7:30 p.m., in the engine house, as announced by Mrs. Charles E. Ritter, neighborhood chairman. Plans will be made for the annual Girl Scout cookie sale in the community.

## Preaches On Joy

The Rev. Francis E. Reinberger, of the Lutheran Theological Seminary, Gettysburg, spoke on "The Nature Of True Joy" at the community preaching mission service on Wednesday evening, held in St. Paul's Lutheran Church with a large congregation in attendance. The guest minister used as the text of his message, St. John 15:11, "These things have I spoke unto you, that my joy might remain in you, and

(Continued from Page 1) had had at home. He had on Chinese felt shoes and a thick blue quilted Chinese jacket and cap.

The prisoner asked for news of family and friends, particularly his sister Joan, who married recently. He reported that the authorities had given him advance word of the family's trip from the United States.

## Asks For Books

Downey said he spent much of his time reading. He asked for more books.

Mrs. Downey said they took

that your joy might be full." The Rev. Mr. Reinberger told of "the difference between worldly joy and Jesus' explanation of joy as an inner peace rather than outward."

The worship was in charge of the Rev. Glenn Flinchbaugh, pastor of Redeemer's United Church of Christ, who gave the invocation, read the Scripture, offered prayer, etc. Redeemer's Senior Choir sang the anthem "My Faith Looks Up To Thee," under the direction of Mrs. Richard A. Little Jr., and accompanied by Mrs. George A. Stonesifer, organist at Redeemer's. Mrs. Winfield A. Lippy, host church organist, presided at the console, assisted by Mrs. Stonesifer. At the conclusion of the service, the benediction was pronounced by the Rev. Mr. Flinchbaugh.

"The Blessed Gift" will be the subject of the sermon to be delivered by the Rev. Mr. Reinberger this evening at 7:30 o'clock in St. Paul's Church. The service will be conducted by the Rev. Rodney T. Young, pastor of Centenary Methodist Church. Members of the Littlestown Lions Club will attend in a body.

The 1958 preaching mission will conclude with the worship on Friday evening, when the guest minister will use as his sermon theme "Our Guide To Life." The service will be in charge of the Rev. David S. Kammerer, pastor of the host church. The local Brownies and Girl Scouts will go as a group to the

candy, cigarettes, fruit cake and fresh fruit for the prisoner. The bag was left at the gate for checking. No clothes were brought because John had said he did not need any, she reported.

William Downey said he and his mother would go sightseeing, then visit John again Saturday.

## G. M. ZERFING'S

(Continued From Page 1) had settled here to open his hardware store.

In 1945 Mr. Zerfing bought out the Clinton-Mehring store in Littlestown and started an appliance and hardware store in partnership with James S. Reaver.

Mr. Zerfing says that he has never had any robberies or fires at his stores, and the biggest item ever shoplifted was a high power deer rifle.

An interesting fact is that Zerfing has never missed a daily advertisement in The Gettysburg Times for 30 years, and has had an advertisement in the same location on page two of each edition. Zerfing carries over 10,000 items at all times and he is steadily increasing his inventory.

## Recalls First Fire

He said the first major fire in Gettysburg he can remember was the St. James Church fire in 1928, and that the town had a one man police force at the time.

Zerfing's has 12 employees, 8 in the Gettysburg store and 4 in Littlestown.

For Friday only, Mr. Zerfing is offering an anniversary celebration special of 30 per cent off on all merchandise except fair trade items at his Gettysburg store. His free parking lot for patrons, which was opened about a year ago, is located in the rear of the store next to the warehouse, and he urges his patrons to use it.

Zerfing was one of the 21 original organizers of the Gettysburg Country Club, and it seems his only pastime is playing golf.

Mr. and Mrs. Zerfing reside at 42 N. Howard Ave. and are members of the local Presbyterian Church.

Friends may visit the funeral home Friday evening from 7 to 9 o'clock.

## J. A. Holtzworth

(Continued From Page 1) onto the battlefield.

He was deputy treasurer of Adams County during the term of Treasurer John W. Brehm and for many years served as the minority inspector for the election board in the second ward.

## Ardent Baseball Fan

The deceased was a member of Christ Lutheran Church, Battlefield Guides Association, Elks and the Masons. He was a past exalted ruler of the Elks and served as secretary of the lodge for some time. He was a past master of the Good Samaritan Lodge of the Masons, serving as the worshipful master in 1908. He was also a member of the chapter, commandery and the Harrisburg Shrine.

One of those who played baseball with the late Eddie Plank, he was an ardent Philadelphia Athletics rooter.

He was a member of the Gettysburg band for many years, playing a cornet.

His interest in Gettysburg and the Battlefield continued unabated throughout his life. Last summer he was a featured speaker at meeting of the Gettysburg Civil War Round Table, telling of the days when the tourists were conducted over the field in buggies and wagons.

Funeral Saturday

A native of Gettysburg and always a resident here, Mr. Holtzworth was a son of the late William D. and Evaline L. (Lindsay) Holtzworth.

He and the former Bessie B. Young, who survives, were married in 1902 and last year observed their 55th wedding anniversary.

Funeral services Saturday afternoon at 2 o'clock from the Bender Funeral Home with the Rev. Herman G. Stuempfle Jr. officiating. Interment will be in the Evergreen Cemetery.

Friends may visit the funeral home Friday evening from 7 to 9 o'clock.

## 19 Donors Going To Baltimore Friday

place blood used in transfusions for Claude H. Simpson, Gettysburg R. D. motel operator, while he was a patient there recently.

Arranged by the Adams County chapter of the Red Cross, the prospective donors will leave in cars driven by William Ayre, Mrs. Peggy P. Hill, the Red Cross chapter's executive secre-

tary; Mrs. Louise Hoffman, Red Cross motor corps chairman, and Wayne Cluck.

The motorcade will leave from

the Phi Gamma Delta fraternity house on the Gettysburg College campus.

## HEYBURN WILL BE CANDIDATE FOR SENATOR

HARRISBURG (P) — Weldon B. Heyburn, one-time state senator, auditor general and state treasurer, set out in quest of the Republican nomination for U.S. Senator.

for his role in averting intra-party strife when former U.S. Sen. James H. Duff was the GOP nomination for a second term in the Senate.

### Yielded To Duff

Heyburn was persuaded to drop his plans of opposing Duff in the primary. Duff, however, was defeated in the general election by Democrat Joseph S. Clark.

The entry once again of Heyburn's name into the senatorial picture was not entirely surprising.

Duff defeated Kunkel and former Gov. John S. Fine overwhelmed Cooke.

Should an open battle—such as that in 1950—develop in Republicans, Heyburn could be expected to gain recognition for some statewide post despite opposition to him from Republicans of the leaning of Sen. M. Harvey Taylor (Dauphin), Senate president pro tempore.

For Of McClure

Heyburn said in an interview that at this point he had no alliances whatsoever—nor would he talk about particular candidates

Two leading candidates for the GOP nomination—Congressman James E. Van Zandt, Altoona, and Hugh Scott, Philadelphia—have been privately sounding out sentiment on the extent of Heyburn's popularity among party leaders.

T. Newell Wood, Luzerne County commissioner, also is buttonholing GOP leaders for support for the senatorial post.

Bloom, who possesses a powerful voice in deciding which candidate would receive organization support, is keeping silent. He said

he has made no commitments to anyone on any statewide candidates, including governor.

### Needs Bloom's Help

It was doubtful if Heyburn would continue in his efforts should he fail to receive Bloom's blessing.

Heyburn served as campaign chairman for the losing ticket, headed by John C. Kunkel for senator and Jay Cooke for Governor, in the bitter 1956 primary fight.

Duff defeated Kunkel and former Gov. John S. Fine overwhelmed Cooke.

he would like as running mates.

Although he makes his home in Delaware County, Heyburn can expect no support from John J. McClure, the GOP county leader. They have been on opposite sides of the political fence since Heyburn licked the McClure organization in winning the state senatorial ship more than 20 years ago.

In other political developments

Allegheny County Commissioner John M. Walker, an avowed candidate for the Republican gubernatorial nomination, said a three-day tour of the eastern part of the state has left him "encouraged and happy."

John J. Kane, also an Allegheny County commissioner, but a Democrat, said he has talked with Pittsburgh Mayor David Lawrence, a party power, and understands that Lawrence has succeeded in ironing out differences between Philadelphia Mayor Richardson Dilworth and the party there. Dilworth has been prominently mentioned as his party's gubernatorial candidate.

Rupp said he would operate the rink on Sundays until warm weather sets in.

## WILL OPEN RINK NEXT SUNDAY

HARRISBURG (P)—The owner of an outdoor skating rink in nearby Lemoyne today proceeded with his plans to open the rink next Sunday.

Charles Rupp said Tuesday night he reached this decision after a conference during the day with newly inaugurated Burgess Herbert Preble. However, he said Preble "neither advised me to open or remain closed."

## Two Troopers Will Be Tried

HARRISBURG (P)—Courts martial have been ordered for two state policemen on charges they violated general orders in a Bucks County case.

Col. E. J. Henry, state police commissioner, identified the men as Robert A. Lang, now stationed at Gibsonia, and Robert C. Ziegler, now stationed at Everett. The commissioner declined to specify the alleged violations pending outcome of their trials.

He said a hearing scheduled for Friday has been put off indefinitely "for reasons that cannot be disclosed now."

Henry said the charges stem from allegations of slander against the commander of the Plymouth Meeting substation, Lt. Walter E.

face Monday, said he does not hold with Landis' views on the blue laws. Preble said the Sunday blue law was antiquated and unenforceable.

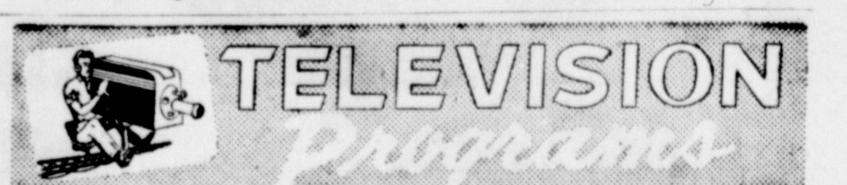

Price, brought by Dr. Glen W. Bricker, Levittown physician.

Bricker contended Price made false statements about the doctor's wife. The slander charges were dismissed by Justice of the Peace Earl B. Dougherty of Bristol Township.

Councilmen said they were unable to contact Brickerman after he failed to appear. They put off further action on the problem until next month's meeting and agreed to let Updegraff continue in a job until a decision is reached.

Brickerman has claimed he was elected without his knowledge and that a building program he is directing for his church keeps him too busy to assume the duty of running the borough.

## SEEKS DATA ON U.S. Flier FORCED DOWN IN ALBANIA

### Maria Callas May Sue Rome Opera

ROME — Maria Callas says she may sue the Rome Opera for refusing to let her sing here again this season after quitting in the middle of opening night.

Opera officials told the soprano Tuesday police had ruled against another appearance for fear of violence by opera-loving Romans still angered by her walkout after the first act of Bellini's "Norma" Saturday.

Miss Callas replied by letter

the Britons were released Saturday.

A French Foreign Ministry spokesman said so far the American Embassy had asked only for information on the jet pilot and his plane, not for the French to take action to secure his release. The Americans apparently were waiting for confirmation of his identity and to learn the circumstances of his downing.

## New Canadian Dollar With Totem Pole Motif Is "Death Money" To W. Coast Indians

VANCOUVER, B. C. (P)—That new Canadian dollar may just be more wampum to the white folks, but to West Coast Indians it's memloose chickman, death money.

The design for the new dollar, struck to commemorate the British Columbia centennial this year, was submitted by Stephen Trenka of Thornhill, Ont.

Trenka used a totem pole motif which he said was inspired by the run myth of the Haida Indians of British Columbia.

### MORTUARY TOTEM

Then Guy Williams, a spokesman for the Native Brotherhood of British Columbia, saw the coin. He said it pictured the Tsimshian Indian mortuary totem, which has as its crowning figures the likeness of a bear mother and her son.

Therefore, Williams said, the dollar was memloose chickman, death money, and no West Coast Indian would dare handle the new coin.

### MYTH OF RAVEN

Williams is supported by Mrs. Ellen Neel of Vancouver, an authority on the vanishing art of totem carving.

Wilson Duff, curator of anthropology at the Provincial Museum at Victoria, says the design closely follows the top portion of a sketch in the museum of a Haida totem.

The Haida myth of the raven tells how a supernatural raven transformed primeval darkness into order by stealing the sun from its hiding place and bringing light to the world.

A little sugar in that milk-and-egg mixture for dipping slices of bread for French toast will help make the toast a good brown color when it is fried.

## SAYS CHANCES FOR LOTTERY ARE BRIGHTER

WASHINGTON (P)—Congress' No. 1 advocate of a government-run lottery said today prospects never were brighter.

"Not that I am so naive I think my lottery bill will pass right away," added Rep. Paul H. Fino.

"But things are moving our way."

Fino, a well-groomed Republican from a prosperous middle-class New York City district, said the government can have a yearly income boost of at least 10 billion dollars without new taxes or any time Congress authorizes a lottery.

He said two things encourage him to think the time may be coming:

1. The drive to pour more funds into military and scientific efforts to counter Soviet gains. "Maybe you can balance 74-billion-dollar budget on paper," he remarked, "but when they really start spending..."

### WOULD BE SOLD BY PO

2. A swing in public sentiment he said is evidenced by such things as New Yorkers' referendum vote last November to legalize bingo.

As he has at regular intervals since he came to Congress in 1953, Fino took the floor to advise his colleagues they can't afford to neglect such a bonanza as a "well-regulated, all-government-run lottery."

Fino's bill would set up a federal commission to make the rules and administer the lottery. "Tickets would be printed by

the Bureau of Engraving—the bureau that prints the money," he said. "They wouldn't be sold by street vendors, but at post offices, just like stamps."

## OPPOSE SUNDAY OPENINGS FOR RETAIL STORES

NEW YORK (P)—The nation's largest association of retail merchants has come out against the opening of major stores on Sundays, a movement which has spread in several parts of the United States.

The National Retail Merchants Assn. in a resolution adopted at its annual convention late yesterday, declared:

"We urge that all stores be

closed on Sunday except those primarily engaged in selling articles absolutely necessary to the health and welfare of the community."

### OPPOSE AD TAX

George W. Dowdy, new president of the NRMA, announced that the organization, representing 8,200 department, specialty and chain stores, also adopted resolutions to:

1. Oppose taxes on advertising.  
2. Oppose "at this time" actual or standby wage, price inventory or consumer credit controls.

3. Urge that "economics in less essential government activities be implemented without delay, because of the necessity of increasing certain defense expenditures immediately."

Dowdy, executive vice president

## FORESEES GOOD BUSINESS YEAR

NEW YORK (P)—Wendell B. Barnes, administrator of the U.S. Small Business Administration, says the nation's economy is passing through a "temporary lull."

And general manager of Belk Bros. Co., Charlotte, N.C., was elected

president of the association yesterday, succeeding Richard H. Rich, president of Rich's, Inc., Atlanta, Ga.

Annual convention of the National Retail Merchants Assn. — the new name of the National Retail Dry Goods Assn.

"We are all well aware that there is now some leveling off in economic activity," Barnes said last night, "but as I see it, this is only a temporary lull of the type we must expect from time to time."

"If 1958 comes anywhere near up to expectations, it will be a year that, for most businessmen, will compare favorably with the present very high level of business activity."

The new name for the retailing organization was adopted by unanimous voice vote, upon recommendation by the board of directors.

### GIFT FROM MARION

LOS ANGELES (P)—A check for \$112 million dollars was given the UCLA medical center yesterday by former actress Marion Davies. UCLA officials described the gift as the biggest cash contribution ever received by the university. It will be used to add to the medical center's children's wing to be named after Miss Davies.

## TWO U. S. JETS CRASH IN STORM

NUERTINGEN, Germany (UPI) — Two U. S. Air Force supersonic jets crashed into a hillside forest in a blinding snowstorm near here Wednesday. Three German woodsmen and two airmen were killed.

German police said the jets hit the 2,400-foot Bosler Hill, where lumberjacks and foresters were working, after skimming the treetops at an altitude of about 150 feet.

A spokesman at the U. S. Air Force headquarters said the planes were based at Landstuhl, Germany, on temporary duty from the 509th Fighter Bomber Squadron at Langley Air Force Base in Virginia.

The fliers were not immediately identified.

German police said the jets disintegrated after hitting the ground.

## AUDITORS OFF CINDER PROBE IN ONE COUNTY

MEXICO CITY (AP)—Faye Emerson's attorney says the actress and TV panelist has been granted an uncontested Mexican divorce from orchestra leader Skitch Henderson.

HARRISBURG (AP)—State auditors were pulled off an investigation of cinders purchases in Westmoreland County Wednesday by Aud. Gen. Charles S. Smith.

Smith said on Tuesday he would leave Justice Department investigators a clear field to conduct their probe into cinders bought for use in the county and put his auditors to work on records involving other counties.

His decision seemed to end the bickering over the records which began last weekend when his auditors attempted to examine them here only to be told that they had been moved to Greensburg. Atty. Gen. Thomas D. McBride later explained that they had been moved to expedite the field investigation in Westmoreland County.

### Access To Records

Smith's auditors were given access to the voluminous records in Greensburg on Tuesday but made no attempt to audit them.

Meanwhile, Joseph J. Lawler, vice chairman of the Pennsylvania Turnpike Commission, wrote Smith a letter agreeing to open commission books to Smith's auditors "at a time convenient both to yourself and the commission."

Lawler disputed Smith's right to audit the commission's records, however, maintaining that the auditor general has no right to do so because the commission is not an arm of the executive branch of the state government.

## Faye Emerson Is Divorced In Mexico

MEXICO CITY (AP)—Faye Emerson's attorney says the actress and TV panelist has been granted an uncontested Mexican divorce from orchestra leader Skitch Henderson.

Francisco Lopez Figueroa said the decree, approved Dec. 5 by an Acapulco judge, has just been countersigned by the governor of the state of Guerrero.

The divorce will become effective after it is recognized by the Interior and Foreign Relations departments and the U. S. consulate.

Miss Emerson filed her petition Nov. 23 on grounds of "separation from the marital home for over six months."

## Singer David Street Weds 4th Actress

HOLLYWOOD (AP)—Singer David Street has wed a fourth actress—Sharon Lee.

Friends disclosed their secret marriage last Dec. 14 in Las Vegas, Nev.

Miss Lee gave her age as 26. Street listed his as 38. He was previously married to actresses Mary Street, Lois Andrews and Mary Beth Hughes.

Tiny pickled onions are good added to cream cheese for a cracker spread. Chop the onions before adding.

Ords available, nevertheless, provided "you make a complete audit and not a partial one for your own political purposes."

Smith, a Republican, reportedly is seeking his party's gubernatorial nomination. Lawler and McBride are Democrats.
